

S1 Floor Stand

The S1 Floor Stand allows effortless integration of LSX II into the listening environment, while also maximising performance. A blend of premium materials, exquisite design and useful features come together to ensure that LSX II delivers in style.

Engineered for LSX II

Designed to partner LSX II, the S1 Floor Stand boasts a cable management system that hides any wires, while the integrated mounting system rigidly bonds the speaker and stand together. The stands also feature adjustable feet for easy levelling and a fillable pillar, creating the perfect platform for LSX II to perform.

Perfectly matched

The S1 Floor Stand is available in 4 matte satin finishes: Slate Grey, Mineral White, Cobalt Blue and Crimson Red. So, whether you like a colour-matched look or want to mix and match, you are covered.
